PRIDE OF NAVY.

Wonderful Record of the Battleship Kentucky.

New York, Nov. 12.—The queen of the United States navy is now Uncle Sam's splendid battleship, Kentucky.

The news comes from Gibraltar that the Kentucky has broken all long-distance records for warships. Even the Oregon's marvelous performances during the Spanish war must take a background when the knot question is considered, for the Kentucky has beaten her.

The Kentucky left New York October 26 and has, therefore, made the distance to Gibraltar in just twelve days. From Sandy Hook to the big rock is about 4,000 miles, and the Kentucky, therefore, has made a speed averaging fourteen knots all the way across.

For a warship the officers of the Brooklyn navy yard say this performance is marvelous, as the trip, when made by the ocean greyhounds of the Hamburg American Line, consumes at least eight days. The Kentucky in making the distance in twelve days under natural draught proves herself to be more than her builders claimed for her, when it is taken into consideration that the liners are under forced draught the entire distance.

From Cradle to Grave.

Died of congestive fever, at Madisonville, Ky., Susie Belle Fowright, the sweet and lovely fifteen months old baby of Mr. and Mrs. J. N. Fowright, after suffering only a few days of that dreadful disease. On Friday morning, at 1 o'clock, November 9th, the spirit of this remarkably intelligent baby was called from this world of sorrow to the bright home beyond the skies. Oh, how my heart goes out in sympathy to that father and mother, The little infant leaves sad hearts and a vacant place in the family circle which none other can fill. She was sick but a short time before the white winged Angel of Death came and waited her home to glory where she shall dwell forever and forever.

Father and mother do not think little Susie Bell is dead; think of her as a little angel around the white throne of God, glorified and redeemed forever from earthly sorrows. We know it is hard, so hard, to part with loved ones, yet, let us take comfort. She has gone to a better land, awaiting our coming, where we can join her in those realms of love.

May God, dear sister and brother, comfort your stricken hearts and may this sad dispensation be a blessing in that kind of dark disguise. God has only transplanted the flower, that it may bloom in transcendent beauty in the world above. And father and mother while you are enduring the many ills that flesh is heir to, Susie Belle is growing in loveliness in the presence of God and the angels, Little Susie Belle has gone, forever gone.

And left us here to weep; Till we are called to follow her And in the grave to sleep. But while she could no longer Stay to cheer us with her love, We hope to meet with her again In yon bright land above.

INGLORIOUS

Fate of a Civil Libertyite at Taylorsville.

Taylorsville, Ky., Nov. 21.—A sensation was created here by the arrest of Dr. H. S. Ashe, a "civil liberty" leader, who was caught in the act of spying on the grand jury. He was discovered by a deputy sheriff in the garret of the court house, where he had concealed himself. Dr. Ashe had bored holes in the floor, through which he could hear all that was said in the grand jury room. When brought out by the deputy the doctor was covered with dust from having been down between the rafters. He was fined \$50 and given twenty-five days in jail at hard labor.

Dr. Ashe is well known over the county and was a leader in the gang of Yerkes' "civil libertyites" at this place. No one could condemn the Democrats in harsher terms and cry fraud louder than the Doctor.

The 1901 R. Hicks 1901 Almanac.

Whatever may be said of the scientific causes upon which the Rev. I. R. Hicks bases his yearly forecasts of storm and weather, it is a remarkable fact that specific warnings of every great storm, flood, cold wave and drought, have been plainly printed in his now famous Almanac for many years. The latest startling proof of this fact was the destruction of Galveston, Texas, on the very day named by Prof. Hicks in his 1900 Almanac, as one of disaster by storm along the gulf coasts. The 1901 Almanac, by far the finest, most complete and beautiful yet published, is now ready. This remarkable book of near two hundred pages, splendidly illustrated with charts and half-tone engravings, goes as a premium to every subscriber who pays one dollar for Prof. Hicks' journal, Word and Works. The Almanac is sent prepaid for only 25c. Order from the Word and Works Publishing Company, 2201 Locust Street, St. Louis, Mo.

Cost nearly \$100,000 to procure. Contains nearly 100 full page engravings of our Saviour and His Mother by the world's greatest painters. True copies of the greatest Masterpieces in the art galleries of Europe. Every picture is as beautiful as a sunrise over the hilltops. Contains description of the painting biography of the painters, the names and locations of the galleries in Europe where the originals may be seen. Also contains a Child's Department, including a Child's Story of Christ and His Mother, beautifully written, to fit each picture. This wonderful book, matchless in its purity and beauty, appeals to every mother's heart, and in every Christian home where there are children the book sells itself. Christian men and women are making money rapidly taking orders. A Christian man or woman can in this community soon make \$1,000 taking orders for Christmas presents. Mrs. White, our agent in Massachusetts, has sold over \$3,000 worth of the books in a very short time. Mrs. Sackett, our agent in New York, has sold over \$1,500 worth of the books in a very short time. The book is printed on velvet finished paper, beautifully bound in Cardinal Red and gold, and adorned with Golden Roses and Lilies. It is, without doubt, the most beautiful book of this century.

IN THEIR NIGHTIES.

Virginia College Near Roanoke, Burns and Occupants Save But Little.

Roanoke, Va., Nov. 14.—Virginia College, an institution for young ladies situated just outside the city limits of Roanoke, was totally destroyed by fire this morning. It was a short while after the "rising bell" had been rung when the hallways of the big building filled with smoke. The young ladies were notified to lose no time in getting out of the building. The word was quickly passed around and the girls, 150 in number, made their way out. Many of them were thinly clad, wearing little more than the simple costumes of the bed-room. There was little confusion and none of the pupils were injured.

The fire started in the boiler-room and in less than two hours the buildings were entirely destroyed. The loss is \$75,000, with about \$25,000 insurance. The buildings belonged to Miss Harris and Mrs. Boatwright.

The students will be kept together in Roanoke a few days until it is decided where the school will resume.

TIME LIMIT

On Holiday Excursions Extended By the Passenger Agents.

Railroad tickets sold this year on account of the Thanksgiving, Christmas and New-Year holidays will have longer limits than have heretofore been allowed on this class of transportation. Officers of the roads operating in the territory east of the Mississippi River have voted unanimously that for Thanksgiving tickets will be sold for a fare and a third for the return trip, will be on sale November 27, 28 and 29, and will be good to return to and including December 3. The original arrangement, when the fare was authorized, was to sell these tickets only on November 28 and 29, and make them good to return until November 30. It was agreed that for Christmas and New Year's the sale of tickets will begin one day earlier, or on December 22, the sale extending until December 25, and for New Year's on December 31 and January 1, the return limit of all tickets to be until January 2.

John Wanamakers' New Magazine.

The latest development in magazines is the entrance of the firm of John Wanamaker into the publisher's field. They will take over and publish, beginning with the December issue, Everybody's Magazine. "We have set ourselves the task of building up in character and circulation an illustrated magazine of our own and of the best type" says the announcement. So radical a departure seems to call for some explanation; the statements made that the Wanamaker Stores have become the largest sellers of books at retail in the country and that they deal with more readers directly than any other firm (the aggregate sales equaling or surpassing the sales of even the large publishing houses) they think that a popular magazine belongs naturally to this organization. A highly attractive Christmas number is promised with contributions from James Whitcomb Riley, Miss Mary E. Wilkins, Charles Major, author of "When Knighthood was in Flower," Edwin Asa Dix of "Deacon Bradbury" fame and novel serial by a new Southern woman writer of whom much is expected.

The American Queen.

The famous Russian novelist, Ivan Tourgenieff, the no less famous English novelist, "Rita," and the greatest living illustrator, Charles Dana Gibson, are the chief contributors to the Christmas issue of The American Queen.

This issue contains the newest fashion designs for midwinter, a page of Christmas fancy work for needleworkers, a department on Domestic Science, and a large number of special articles by good names. The cover design by Chas. Dana Gibson is his famous conception, "The American Queen." Office of Publication, 31 East 17th Street, New York.

Scrofula and Cause.

Eczema, catarrh, hip diseases, white swelling, and consumption, have their origin in a scrofulous condition. You need to have pure rich blood and good digestion. With the slightest taint of scrofula in the blood there is no safety. The remedy for this disease in all its forms is Hood's Sarsaparilla. It goes to the root of trouble and expels all impurities and disease germs from the blood.

The best family cathartic is Hood's Pills.

I gladly recommend it to any one, especially my friends among the trainmen who are usually similarly afflicted." A. P. Harness.

For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS

Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the **Original** and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.
